

Incoming Transfer of Stock Donations instructions

Lowell Observatory

Gifts of securities are a smart and simple way to maximize the effectiveness of your charitable giving. You may find that you can make a larger contribution to Lowell Observatory by giving stock than you can by giving cash.

A gift of securities offers you a number of advantages. Your gift is the full market value of the securities, and you may deduct this amount from your taxable income (if you itemize) for federal income tax purposes if the stock has been held for at least one year. Moreover, you do not have to pay capital gains tax on the increased value of the securities, as you would if you sold them and donated the cash.

Below is information for your broker to transfer stock directly to Lowell Observatory.

For further information or to let us know when you have made a stock transfer, please contact Stephen Riggs, sriggs@lowell.edu, (928) 255-0186.
