## POSITION ANNOUNCEMENT

### Orbits Curiosity Camp Teacher

Lowell Observatory is seeking Orbits Curiosity Camp Teachers. The Orbits Curiosity Camp Teachers (OCCT) is part of Lowell Observatory's Outreach Department. The OCCT is responsible for overseeing and instructing a group of up to 25 day campers and for providing the other counselors with classroom management training. The OCCT will work between 3 and 5 weeks of camp. The elementary camp dates are June 9<sup>th</sup> - 13<sup>th</sup>, June 23<sup>rd</sup> - 27<sup>th</sup>, and July 7<sup>th</sup> - 11<sup>th</sup>. The middle camp dates are optional and occur at night on June 16-20. Middle school camp training occurs May 28<sup>th</sup> - May 30<sup>th</sup>. An optional cleanup day will be July 21<sup>st</sup>. The OCCT is required to participate in five (5) days of training from June 2<sup>nd</sup> - 6<sup>th</sup>. This position reports to Kelly Ferguson, Early Education Supervisor.

#### RESPONSIBILITIES

- Lead classroom management training for the other counselors.
- Oversee a group of up to 25 day campers.
- Deliver science, technology, engineering, art and math (STEAM) lessons.
- Assist with all camp activities.
- Participate in camp staff meetings and training events.
- Ensure that only authorized people pick children up from camp.

#### QUALIFICATIONS AND EXPECTATIONS

- Ability to be work with children.
- Aptitude for delivering curriculum to diverse age groups.
- Capability to be flexible and adapt to changing situations and campers' needs.
- Ability to work well with others.
- Committed to providing children with a safe, positive camp experience.

#### EXPERIENCE AND EDUCATION

Minimum requirements: Bachelor Degree required, classroom experience is preferred. The successful applicant must also pass a background check.

## WORKING CONDITIONS

This position requires long periods of loud noises, standing, walking, and talking. Some bending, stretching, reaching, running, climbing, and lifting (up to 50 lbs). Moving throughout the campus, on sometimes uneven terrain in the heat and/or rain, and sometimes in low light.
